

Local author to be featured at TCM Jubilee

Long-time Tehama County resident and local author and historian Frances Leininger will be featured at the 2015 Tehama County Museum's 34th Annual Jubilee slated for Saturday, September 12, 2015 in the City of Tehama.

Ms. Leininger will be situated just inside the Marty Graffell Annex entrance where she will be greeting the public while autographing and selling her book - *Vina's History in Photos and Stories* - from 10am to 1pm.

Ms Leininger has resided for most of her life near Vina in southeast Tehama County, and as a young woman, chose as her mission to research and preserve the photographs and stories of the Vina area. It was a labor of love, and the fruit of that labor now finds expression in this very fine book published locally.

Ms. Leininger will be joined in the Annex by local fiber artists, the artworks of local photographer Barbara Luzzadder, Judy's Country Store featuring locally-created "36 Lady Prune Cakes," and the return of Sam Kisse and his crack team of antique appraisers who will be donating their services to the Museum.

The history of the Vina area in Tehama County will be the subject of much discussion at the 34th Annual Tehama County Museum Jubilee
